SECTION 2, SUBJECT INDEX

This subject index follows the format of the National Library of Medicine's *Index Medicus*. Headings have been added.

Entries take this form: volume and number, senior author, first page of article. For example, 28:09 Jason (837) refers to the article "Potential use of Mass Media to Reach Urban Intravenous Drug Users with AIDS Prevention Messages," by J. Jason, L. Solomon, D. D. Celetano, and D. Vlahov, found in issue 9 of this volume beginning on page 837. From this section of the index, reference can be made to Section 1 for the full title and authors of a particular article.

All original contributions to *The International Journal of the Addictions*, Volume 28, are included.
